NO MORE SORE FEET. FEEL THE MOBILS MIRACLE

AUTUMN / WINTER 2019

ENJOY LIFE WITH MOBILS

One thing you can always rely on: MOBILS ergonomic guarantees quality of life with its four comfort features. Thanks to these comfortable models, you can focus on enjoying daily life without aching feet. The MOBILS feeling is characterized by pure quality.

Models: Left **CATALINA •** 2 ½ – 8 ½ | Middle **FLORA •** 2 ½ – 8 ½ | Right **GINGER •** 2 ½ – 8 ½

ALL-ROUND PADDING

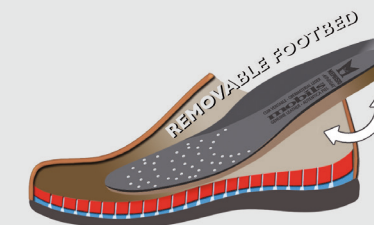

One of the unique features of all MOBILS shoes and sandals is their soft and comfy ALL-ROUND PADDING. Specially developed padding between the lining and the super-soft shoe leather cradles the foot in comfort. This special feature ensures the foot never feels constrained.

SOFT AIR TECHNOLOGY

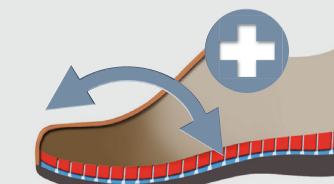

Make tired feet a thing of the past with MOBILS SOFT AIR TECHNOLOGY. The supple soft-air insole reduces footfall impact to an absolute minimum. This helps care for your feet and spine, reduces joint strain and maintains a healthy foot environment.

THE 4 BENEFITS + OF COMFORT

INTERCHANGEABLE INSOLE

The anatomically shaped interchangeable insole supports the foot's natural movement with every step. At the same time, hard impacts as a result of footfall are noticeably cushioned. As a result, every MOBILS shoe and sandal guarantees natural, comfortable and stress-free walking. And of course you can easily change the insole for another one of your choosing.

OPTIMUM FIT

Excellent fit and maximum comfort are a sure sign you're wearing a MOBILS shoe. Once worn, never forgotten.

mobils
ergonomic

▼ The extremely elastic high-tech material is great news for wider feet. The shoe fits like a second skin.

FOR THE LOVE OF COMFORT – OUR CLEVER DETAILS

Our **PREMIUM INTERCHANGEABLE INSOLE** supports the foot's natural movement at every step. Premium craftsmanship, 100% natural cork covered in genuine leather, and an integrated **SOFT AIR** layer means comfort all the way.

SOFT AIR LATEX FOAM is the ideal shock absorber for protecting your feet and back.

ROBUST SOLE made of 100 % natural rubber with a shock absorber in the heel.

SOFT AIR LATEX FOAM INSOLE – it's like walking on air. And it creates a healthy and fresh foot environment.

The specially developed **ALL-ROUND PADDING** is what creates that unique MOBILS feel. It cradles the foot and protects it from excess pressure.

Glove-soft **LEATHER INNER LINING**.

NATURALLY COMFORTABLE

Your feet can relax naturally: The premium footbed from MOBILS ergonomic is produced by its in-house cork footbed production. This high-quality material guarantees unique comfort.

More comfort for the forefoot thanks to extra width.

SOFT INSOLE results from the **SOFT AIR LATEX FOAM LAYER**.

HIGH-TECH CHAMBERS with shock absorber pockets and air circulation system for a healthy foot environment.

Sample model: ELORINE (cross-section)

SOFT CUSHIONING WITH EVERY STEP

The shock absorber minimizes impact to care for your back while walking. Ultimate comfort made by MOBILS ergonomic.
