

**NATURE** is  
**FUTURE**

Experience the new Green Fashion shoe and sandal collection

Our «**NATURE is FUTURE**» collection embodies the «Green Lifestyle» philosophy and the responsible care of resources and nature.

The «**NATURE is FUTURE**» products are crafted ensuring certain factors:

- ✓ Pollutant-reduced production process
- ✓ Durability of the products / sustainability
- ✓ Resource-conserving
- ✓ Recyclability
- ✓ High-quality handcrafting by qualified, skilled personnel
- ✓ Made in Europe (manufactured at our production sites)
- ✓ Superior-quality raw materials from select suppliers, produced under strict conditions.

*Live greener – with **NATURE is FUTURE***

Modern, trendy looks that enhance the uniqueness of this product line.

4

Green lifestyle.  
Pure nature.

Maximum  
comfort, thanks  
to the benefits  
of nature.

Sustainable,  
natural  
products.

Green Fashion,  
a global trend.

## TOP QUALITY LEATHERS FROM SELECT TANNERIES.

We collaborate exclusively with **European leather suppliers and tanneries** who can guarantee **ecological leather processing**, in accordance with the latest environmental standards.

**The premium leathers** we use offer maximum wearing comfort and are **extremely durable**.

In addition, some models in our collection are **already being** manufactured from chrome-free leathers and are setting new standards in the sustainable production of **high-quality** shoes and sandals.

*Superior quality « Made in Europe »*

5

## TOP PRODUCTS MANUFACTURED RESPONSIBLY.

The «**NATURE is FUTURE**» collection is manufactured exclusively at our production sites. Therefore, we are able to guarantee consistent high production quality, which is precisely what makes our shoes and sandals **so extraordinary**.

In addition, the anatomically shaped footbed and the unique **SOFT-AIR technology**, offer incomparable wearing comfort that you will only find in our footwear.

**100% natural leather from Europe**

in strict adherence to the applicable standards.

**Natural cork insole, covered with leather**

for even greater comfort.

High-quality craftsmanship by **qualified skilled personnel**.

Unique **SOFT-AIR technology**,

for feather-soft, fatigue-free walking.

The «NATURE is FUTURE» product line has been developed in a responsible way, in conformity with modern viewpoints and current ecological standards.
